Riverside Country Club's Liquor License and Server Responsibilities

Riverside's liquor license is a very important asset to our club. Imagine what things would be like at Riverside – in our dining area, by the pool and on the golf course – if the club is not permitted to serve alcohol!

Virtually all members are aware that liquor cannot be served to those under 21 years of age. But are members also aware that over-serving an intoxicated patron can carry severe penalties, both for the server and for our club?

Riverside strives to maintain a fun, enjoyable and entertaining setting for everyone to enjoy. We also want to keep a safe and friendly environment for members and employees alike. With this in mind, there are a few important regulations for our members to be aware of regarding serving liquor and the need to maintain a responsible environment.

First, the serving staff at Riverside has been formally trained and certified on Montana's Responsible Serving requirements. They are held to specific legal responsibilities that accompany these rules. If a person at the club appears to be visibly intoxicated, it is the server's legal responsibility to not serve that person any form of alcohol. This is not meant to offend any person... but to ensure that the legal obligations of our liquor license are maintained.

The Montana Liquor Control Act (LCA) prohibits permittees or their employees from selling or delivering alcohol to an intoxicated person. There are specific legal repercussions for our bartenders and servers if they 'over-serve' a patron:

\$1,000 fine, one-year imprisonment, or both, per offense.

Server/Bartender can be held civilly liable for damages up to \$250,000.

In addition, Riverside can have its liquor license suspended or revoked.

With these regulations in mind, let's all enjoy the many great things our club has to offer while maintaining a responsible drinking environment and respecting the obligations of our bartenders and servers.

Sincerely,
Riverside Board of Directors

Welcome to Camp Riverside! Hello from Camp Director Michelle Anderson.

Dear Campers and Families,

Hi! I'm Michelle Anderson, and I am thrilled to be the Director of Camp Riverside again this summer! Last summer was an absolute blast, and I'm so excited about Camp Riverside 2019! It's going to be a summer full of fun and learning!

I have been a certified Early Childhood and Elementary teacher since 1989. I graduated from Florida State University in 1989 with a BS in Early Childhood and obtained my master's in Elementary Curriculum from the University of South Florida in 1993. I taught kindergarten at Bayshore Elementary in Bradenton, Florida for 5 years before having my first son. I worked as a home child care provider and taught preschool before moving to Montana in 2002. I taught for one year at the Ark Child Care Center in Belgrade and since 2003, have been teaching at Ridge View Elementary in Belgrade. I am currently teaching second grade, but I also have experience with first grade.

There are many reasons why I love working with children. They amaze me with their curiosity and zest for life. I admire their energy and spirit of adventure. Teaching and supporting children to reach their fullest potential is such an incredible responsibility and rewarding career. I can't imagine doing anything else.

More tidbits about myself include being a devoted FSU Seminole! Go Noles! I enjoy hiking in the summer and snow shoeing in the winter. Both of my sons are getting married this summer, and I'm so excited to have daughters in my life. I like learning new things and am always up for an adventure. I love reading and coffee too!

I am eager for camp as I have planned many fun games and activities that we'll be doing. It's going to be a fantastic time!

See you soon,
Michelle Anderson

Riverside members will have the opportunity for early registration. Please contact Clayton to register or for more information.

www.thepickleballmag.com/levelup-camps

USTA Tournament Sponsorship Opportunities

Each year, Riverside Country Club hosts two USTA sanctioned tennis tournaments in late June. These well attended tournaments draw players in from around Montana, Idaho, and Wyoming and are a staple of the summer tennis tournament circuit. The Jr. Classic will be held June 21—23 and the Adult Classic will be held June 28—30.

This year we are seeking interested businesses and individuals who are interested in showing their support through a tournament sponsorship. Please contact Clayton to learn more about the three different sponsorships available.

Cross Country Skiing

Our ski trail is set and ready for use. Each winter, the following letter is communicated to the membership in various forms regarding the Riverside Country Club cross country ski trail system and the requests we make for the health of the golf course as it pertains to this winter activity. Please pass this information on to your cross country skiing friends and help us in our efforts to maintain and improve your great club.

After a significant snow event, the areas to be addressed are prioritized as follows:

Club and tennis parking areas

Club walks

Paddle courts

Cross country ski trail system (Depending on the amount of snow, it may take a couple of days to get the trail system groomed and the trail set. Please be patient.)

Trash cans and plastic bags will be located around the trail system. Please use them as much as possible.

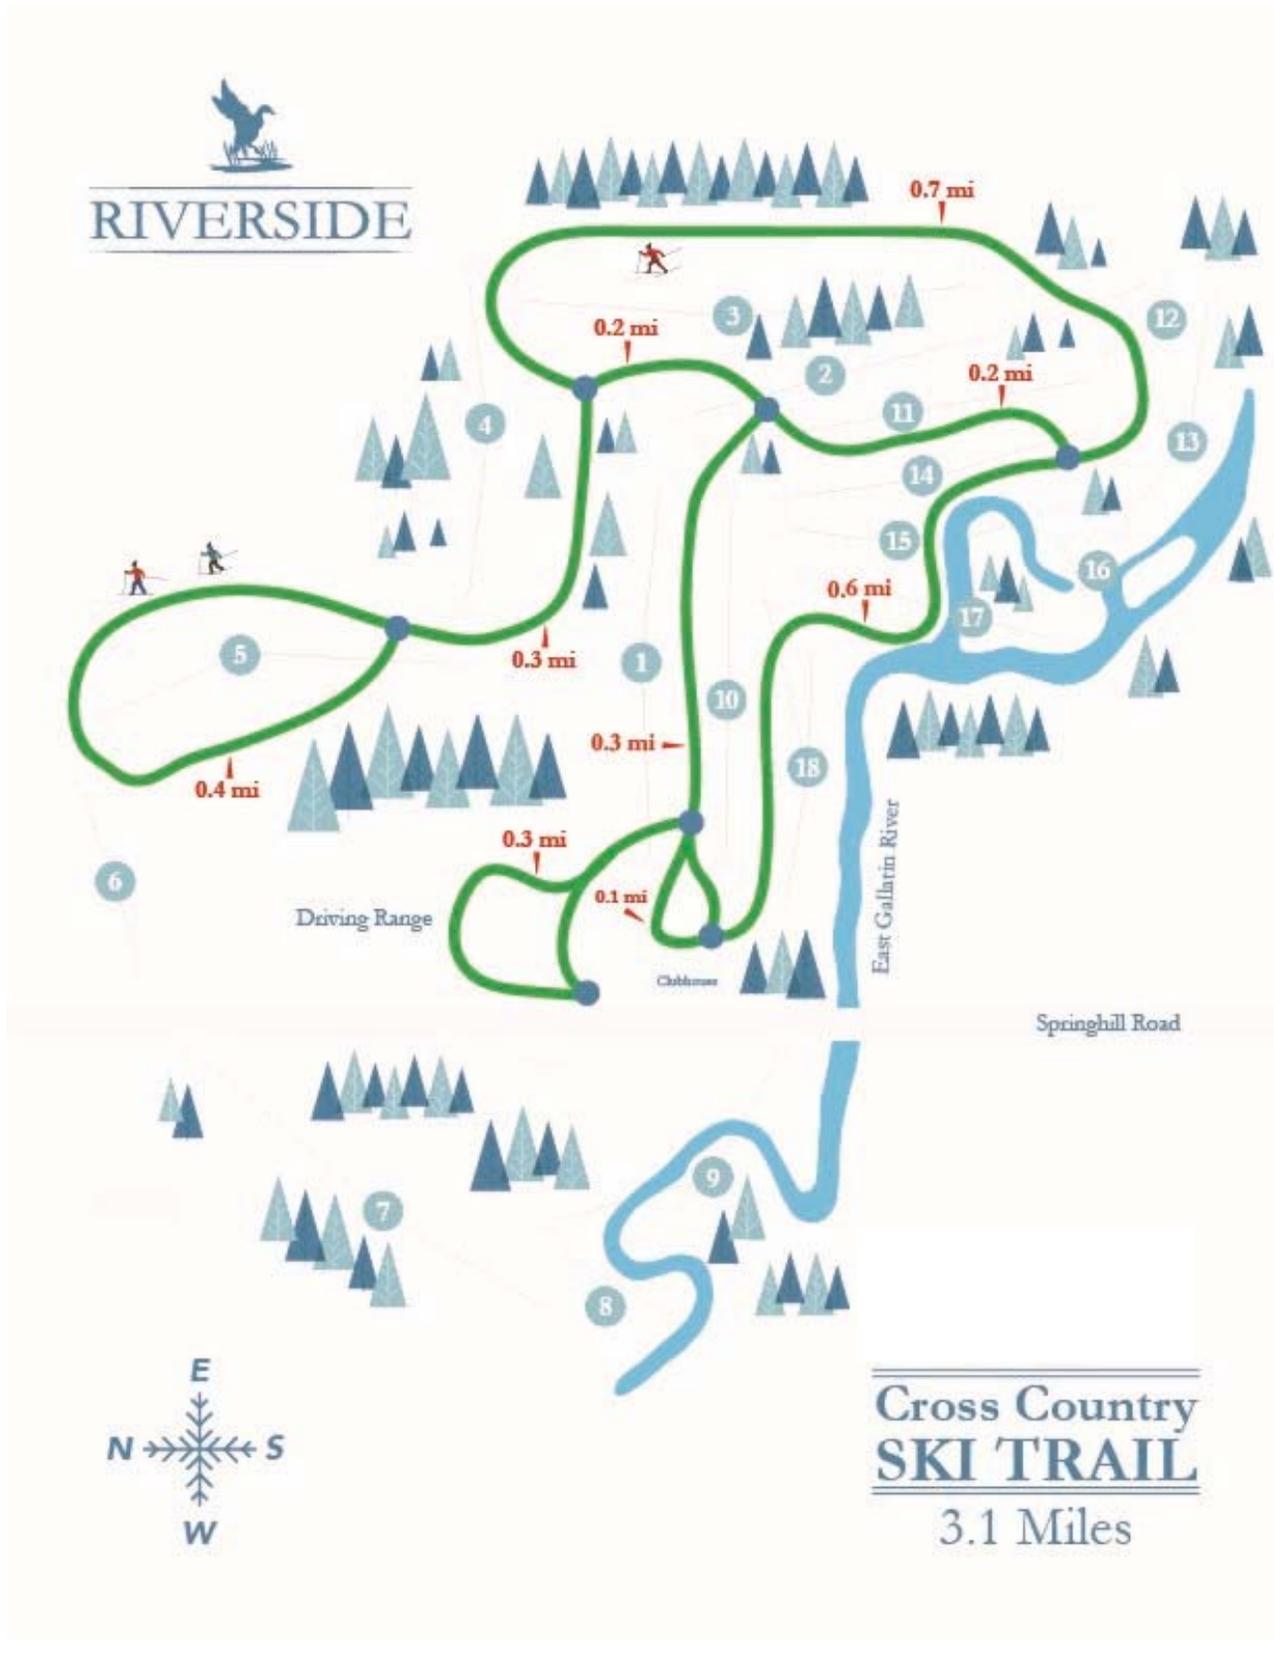

The trail system begins and ends at the north end of the club parking lot. This location is the only entrance and exit to the trail system. Please park your vehicles at the north end of the parking lot to begin your activities. In general, this area provides plenty of parking space and room to load and unload your equipment and to let your dogs run around without getting into traffic in the main areas of the club parking.

PLEASE STAY ON THE TRAIL. The trail system has been routed so as to minimize wear and damage to the grass on the golf course. Ultimately, the golf course is the most important, and valuable, outdoor facility of your club. The isolated compaction of the individual skier will damage the grass, especially the low cut grass on the greens, tees, and fairways. This damage is visible in the spring and will take extra care to repair the damage. The existing routing provides miles of good, beautiful skiing while minimizing damage to the golf course.

Thank you for your help and understanding.
Kurt Klonsinski, Golf Course Superintendent
